

Celtic Plan of Action if a Club Member Gets Sick

- Advise sick individuals of home isolation criteria.
 - Sick coaches, staff members, or players should not return to practice or play until they have met the CDC's [criteria to discontinue home isolation](#).
- Isolate and transport those who are sick.
 - Sick individuals should not attend any Celtic activity and they should notify Tom Wilson if they, their child, or another immediate family member becomes sick with COVID-19 [symptoms](#), test positive for COVID-19, or have been [exposed](#) to someone with COVID-19 symptoms or a confirmed or suspected case.
 - Immediately separate coaches, staff, officials, and players with COVID-19 [symptoms](#) (i.e., fever, cough, shortness of breath) at any youth sports activity. Individuals who are sick should go home or to a healthcare facility, depending on how severe their symptoms are, and follow [CDC guidance for caring for oneself and others](#) who are sick. Individuals who have had [close contact](#) with a person who has [symptoms](#) should be separated and sent home as well, and follow [CDC guidance for community-related exposure](#) (see “Notify Health Officials and Close Contacts” below). If symptoms develop, individuals and families should follow [CDC guidance for caring for oneself and others](#) who are sick.
 - Safely transport anyone who is sick to their home or to a healthcare facility. If you are calling an ambulance or bringing someone to the hospital, try to call first to alert them that the person may have COVID-19.
- Clean and disinfect.
 - Areas or items used by a sick person will be closed off and not used until after cleaning and disinfecting is completed. If possible, the club will wait at least 24 hours before cleaning and disinfecting such items.
- Notify health officials and close contacts.
 - In accordance with state and local privacy and confidentiality laws and regulations, Celtic will notify local health officials, youth sports program staff, umpires/officials, and families immediately of any COVID-19 case, while maintaining confidentiality.
 - To the extent possible, Celtic will advise those who have had close contact with a person diagnosed with COVID-19 to stay home and [self-monitor for symptoms](#), and to follow [CDC guidance](#) if symptoms develop.
